This Fund aims to maximise total return expressed in Ringgit Malaysia by investing globally in equity, debt and short term securities, of both corporate and governmental issuers, with no prescribed limits.

MANAGER'S COMMENTS

PORTFOLIO ACTIVITY

During the quarter, the Target Fund's overall equity allocation increased from 61% to 62% of net assets. Within equities, the Target Fund's exposure to the US and Asia increased. Exposure to Europe decreased. On a sector basis, the Target Fund increased exposure to healthcare, energy and consumer discretionary, and decreased exposure to financials, IT and materials. The Target Fund's overall allocation to fixed income increased from 27% to 30% of net assets. The Target Fund's exposure to commodity-related (precious metals) decreased from 3% to 1% of net assets. Reflecting the above changes, the Target Fund's exposure to cash and cash equivalents decreased from 9% to 7% of net assets.

MARKET OUTLOOK AND POSITIONING

Compared to its reference benchmark, the Target Fund was overweight equities (+2%), underweight fixed income (-10%), overweight commodity-related (+1%) and overweight cash and cash equivalents (+7%). Within equities, the Target Fund was overweight Asia and underweight Europe and the United States. Within Asia, the Target Fund was overweight Japan, China and India, and underweight Australia. Within Europe, the Target Fund was overweight the Netherlands and Italy, and underweight the UK and Germany. On a sector basis, the Target Fund was overweight healthcare, energy, consumer discretionary, IT and telecommunications, and underweight industrials, financials and consumer staples. Within fixed income, the Target Fund was underweight developed European sovereign debt, Japanese government bonds and US reference benchmark, the Target Fund was overweight the US dollar, the Indian rupee and the Hong Kong dollar, and was underweight the euro, the Japanese yen and the Australian dollar.

DISCLAIMER:

Based on the fund's portfolio returns as at 15 September 2018, the Volatility Factor (VF) for this fund is 6.4 and is classified as "Moderate". (source: Lipper) "Moderate" includes funds with VF that are above 6.6 but not more than 8.7 (source: Lipper). The VF means there is a possibility for the fund in generating an upside return or downside return around this VF. The Volatility Class (VC) is assigned by Lipper based on quintile ranks of VF for qualified funds. VF is subject to monthly revision and VC will be revised every six months. The fund's portfolio may have changed since this date and there is no guarantee that the fund will continue to have the same VF or VC in the future. Presently, only funds launched in the market for at least 36 months will display the VF and its VC. The VC referred to was dated 30 June 2018 which is calculated once every six months and is valid until its next calculation date. i.e. 31 December 2018.

A Product Highlights Sheet ("PHS") highlighting the key features and risks of the Fund is available and investors have the right to request for a PHS. Investors are advised to obtain, read and understand the PHS and the contents of the Master Prospectus dated 3 September 2017 and its supplementary(ies) (if any) ("the Master Prospectus") before investing. The Master Prospectus has been registered with the Securities Commission Malaysia who takes no responsibility for its contents. Amongst others, investors should consider the fees and charges involved. Investors should also note that the price of units and distributions payable, if any, may go down as well as up. Where a distribution is declared, investors are advised that following the issue of additional units/distribution, the NAV per unit will be reduced from cum-distribution NAV to ex-distribution NAV. Any issue of units to which the Master Prospectus relates will only be made on receipt of a form of application referred to in the Master Prospectus. For more details, please call 1-800-88-3175 for a copy of the PHS and the Master Prospectus or collect one from any of our branches or authorised distributors.

The Manager wishes to highlight the specific risks of the Fund are management risk, currency risk and country risk. These risks and other general risks are elaborated in the Master Prospectus.

This factsheet is prepared for information purposes only. It does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person who may receive it. Past performance is not necessarily a guide to future performance. Returns may vary from year to year.
