1.2 Investment Objective, Strategy and Policies**1.2.1 Investment Objective**

The Fund aims to achieve long term* capital appreciation through investments in China Shariah-compliant equities.

Note: *“long term” in this context refers to a period of between 5 - 7 years.

Any material change to the investment objective of this Fund requires the Unit Holders’ approval.

1.2.2 Investment Strategy

The Fund seeks to achieve its investment objective through a diversified portfolio of China Shariah-compliant equities which include but not limited to, China A-shares, China H-shares, Islamic real estate investment trusts (“REITs”), Islamic exchange traded funds (“ETFs”) and China Shariah-compliant equity-related securities (collectively “China Shariah-compliant Equities”). The Fund will also invest in Islamic liquid assets including Islamic money market instruments, Islamic deposits with Islamic financial institutions and Islamic collective

investment schemes investing in Islamic money market instruments and/or Islamic deposits with Islamic financial institutions.

The Fund will focus on companies that are able to create true shareholder value^{^^}, have a strong and stable earnings stream^{^^} and have a strong sustainable dividend yield^{^^} that issue China Shariah-compliant Equities with sustainable dividend payments^{^^}.

The Fund's direct investments in China Shariah-compliant Equities are those of companies whose securities are listed on the Hong Kong SAR, Shanghai, Shenzhen and Taiwan Stock Exchanges, including China companies that are listed in other non China markets such as the United States, United Kingdom and Singapore Stock Exchanges. These are companies with revenues derived from China and/or have business operations located in the China. The Fund's investments will also include Islamic collective investment schemes (including Islamic REITs and Islamic ETFs) domiciled in Singapore, Luxembourg, Hong Kong SAR, the United Kingdom and the United States of America investing primarily in the China markets. The Fund's direct investments are not sector specific and can invest in a broad range of sectors and industries. It seeks to add value by investing in a selective range of opportunities identified by the Manager as having a strong attraction based on company fundamentals.

Thus, the Fund's portfolio will be structured as follows:

Minimum 70% of Net Asset Value (NAV) - Investment in China Shariah-compliant Equities. The balance of the Fund's NAV may be invested in Islamic liquid assets comprising Islamic money market instruments, Islamic deposits with Islamic financial institutions and Islamic collective investment schemes investing in Islamic money market instruments and/or Islamic deposits with Islamic financial institutions.

Provided always the above asset allocation is maintained, the range of the Fund's asset allocation will be reviewed from time to time depending on the judgement of the Manager as to the general market and economic conditions. Although the Fund is actively managed, how active or the frequency of its trading strategy will very much depend on market opportunities.

The risk management strategies and techniques employed by the Manager include diversification of the Fund's investments in terms of its exposure to various industries, sectors, countries and asset classes and/or type of investments (i.e. Shariah-compliant equities and Islamic money market instruments). The Manager may participate in Islamic financial derivatives for currency hedging purposes where appropriate. Generally, the assets of the Fund will be invested over a medium to long term period with disposal of the investments when necessary to control risk as well as to optimise capital gains. This is especially so when the full growth potential of an investment is deemed to have been reduced following a prolonged rise in equity values and the other available alternative investment may present cheaper valuations and potential higher returns. The Fund also complies with the permitted investments and restrictions imposed by the SC. Adherence to the permitted investments and restrictions also helps the Manager to risk-manage the Fund's portfolio in terms of diversification. Moreover, the Manager in making its investment decisions shall at all times comply with the investment restrictions of the Fund and requirements as set out in the Deed.

For investments in foreign markets, the Manager in managing the principal risks such as country risk and currency risk will always take into consideration the reference benchmark as well as its evaluation of the historical developments and its prior experience in such markets. Such practice will be managed through active management and constant review of the economic and political developments of the countries invested. Investments will ultimately be made based on risk-reward profiles.

The Manager may take temporary defensive positions that may be inconsistent with the Fund's principal strategy in attempting to respond to adverse economic, political or any other market

conditions. In such circumstances, the Manager may reallocate up to 100% of the Fund's Shariah-compliant equity investments into other asset classes such as sukuk, Islamic money market instruments, Islamic deposits with Islamic financial institutions, which are defensive in nature and comply with Shariah requirements.

^^ Explanatory note on these terms:

“sustainable dividend payments” means consistent % dividend payout by a company over time, for example the Manager would prefer a company that has a stable dividend payout ratio rather than a company that has high payout ratio in one or two years and zero payout ratio in the next few years.

“create true shareholder value” are companies that are in the judgement of the Manager, deliver value through their management's ability to grow earnings, dividends and share price. In other words, it is the sum of all strategic decisions that affect the company's ability to efficiently increase the amount of free cash flow over time, after considering factors such as the effect of inflation, amongst others.

“strong and stable earnings stream” are companies that in the judgement of the Manager, can offer consistently growing/increasing corporate earnings with low volatility from one year to the next.

“strong sustainable dividend yield” are companies that in the judgement of the Manager, can offer increasing dividend payout from one year to the next.

The performance of the Fund is benchmarked against the MSCI China A Islamic Index. Investors should note that, the risk profile of the Fund is different from the risk profile of the benchmark.

1.2.3 Investment Approach

The Manager's investment approach when making investments in the various assets will evolve around the following principles: -

Equities

Islamic liquid assets

- 1) Profit Rate Anticipation – Forecast changes in profit rates and yield curve shapes.
- 2) Market Timing – Time market entry to enhance yield.
- 3) Relative Return Analysis – Best risk-return trade-off within the financial institutions of same credit ratings.

To ensure compliance with Shariah requirements, the Fund is restricted to Islamic money market instruments, Islamic deposits with Islamic financial institutions and Islamic collective investment schemes investing in Islamic money market instruments and/or Islamic deposits with Islamic financial institutions that complies with Shariah principles and prohibited from investing in conventional money market instruments.

1.2.4 Investment in Unlisted Shariah-compliant Securities

The Manager will only make such investments that are consistent with the objective and enhance the performance of this Fund. The Fund's investments in unlisted Shariah-compliant securities (if any) shall always be subject to the restriction stipulated in section 1.3 (a). However, the exposure to investments in unlisted Shariah-compliant securities shall not include Shariah-compliant equities not listed for trading in a stock market of a stock exchange but have been approved for such listing and offered directly to the Fund by the issuer.

1.2.5 Islamic Collective Investment Schemes

The Manager will only make such investments that are consistent with the objective and enhance the performance of this Fund. In addition, the Manager will only make such investments if the target fund is registered or authorized or approved by the relevant regulatory authority in its home jurisdiction as the case may be and which operates within the general investment principles of the SC Guidelines issued by the Securities Commission. The Fund's Shariah-compliant investments in Islamic collective investment schemes (if any) shall always be made subject to the restrictions stipulated in section 1.3 (g) and (l).

1.2.6 Islamic Financial Derivatives

Where appropriate, the Fund or the USD Class may participate in Islamic financial derivatives such as currency forwards, swaps or any other categories of financial derivatives which are structured in a Shariah-compliant manner, permitted by the relevant authorities from time to time, when appropriate. Such participation in Islamic financial derivatives shall commence only if the structure of the Islamic financial derivatives as well as the underlying financial instruments complies with Shariah requirements. The Fund's or the USD Class's participation in Islamic financial derivatives is to hedge the investment portfolio/ USD Class from exposure to foreign currency volatility arising from investment portfolio/ translation in USD NAV computation when the base currency of the Fund is different from USD. Hence, the benefit of any upside of currency movements is limited. The purpose of hedging is to protect the value of the portfolio.

When participating in such instruments, the Manager will monitor the Islamic derivative valuation and credit ratings of the financial institutions as counterparty to the instruments, where applicable and take appropriate actions to mitigate any risk associated with such instruments. This may extend to unwinding of Islamic derivative instruments if there is a need to terminate current position due to reversal in market movement, redemptions in Units or upon downgrade of the credit ratings of the Islamic financial institutions. The Fund's holding in Islamic financial derivatives (if any) shall always be subject to the restrictions stipulated in section 1.3 (f) and (h).

1.2.7 Foreign Shariah-compliant Securities

The Fund may invest minimum 70% of NAV in Shariah-compliant securities of companies listed on or traded in foreign markets under the supervision of regulatory authorities who are ordinary or associate members of the International Organisation of Securities Commissions ("IOSCO") which includes, but not limited to, Hong Kong SAR, People's Republic of China,

Taiwan, Singapore, the United States of America and the United Kingdom. The Fund's investments may also include Islamic collective investment schemes (including Islamic REITs and Islamic ETFs) domiciled in Singapore, Hong Kong SAR, Luxembourg, the United Kingdom and the United States of America.

1.2.8 Islamic Liquid Assets

The Manager in structuring the Fund's portfolio will endeavour to maintain sufficient Islamic liquid assets for the purpose of meeting redemptions and to enable the proper and efficient management of the Fund.

This Fund shall not source for financing in connection with its activities or provide financing on any of its cash or investments unless permitted by the SC Guidelines and any practice notes issued by the Securities Commission from time to time or other relevant laws or regulations pertaining to unit trust funds. As permitted by the SC Guidelines, the Fund may obtain Islamic financing facility on a temporary basis (i.e. not more than one (1) month) from Islamic financial institutions to meet redemption requests. Such financing shall not exceed ten (10) per cent of the Net Asset Value at the time the financing facility is incurred.

In screening the investment activity of the Fund, the Shariah Adviser will ensure that at all times the investments of the Fund would be restricted to Shariah-compliant securities and instruments.

For investments in listed securities on Bursa Malaysia, the Fund will only invest in securities listed on the SACSC's list of Shariah-compliant securities. For securities and instruments that are not classified as Shariah-compliant by the SACSC or the Shariah Advisory Council of Bank Negara Malaysia, the Shariah Adviser will determine whether the securities are Shariah-compliant for investment by the Fund in accordance to the following Shariah methodology and Shariah investment guidelines.

Shariah Investment Guidelines adopted by the Shariah Adviser

The following matters are adopted by the Shariah Adviser in determining the Shariah status of equity investments of the Fund.

1. Investment in Malaysia

Equity:

Reference for investment in local securities is based on the list of Shariah-compliant securities issued by the SACSC twice yearly on the last Friday of May and November which is readily available at the Securities Commission's website.

However, for the Shariah status of Initial Public Offering (IPO) companies that have yet to be determined by the SACSC, the Shariah Adviser adopted the following analysis in determining

the Shariah status of these companies. The status determined by the Shariah Adviser is taken on a temporary basis until the Shariah status of the particular IPO company is determined in the subsequent release of the “List of Shariah-compliant Securities” issued by SACSC.

Quantitative Analysis

The Shariah Adviser adopts a two-tier quantitative approach which applies the business activity benchmark and the financial ratio benchmark in determining the Shariah status of the securities. Hence, the securities will be classified as Shariah-compliant if they are within the business activity benchmark and the financial ratio benchmark. If any of these benchmarks are exceeded, the Shariah Adviser will not accord a Shariah-compliant status for such equities.

Business activities benchmark

The contribution of Shariah non-compliant activities to the overall revenue and profit before taxation of the company will be computed and compared against the relevant business activities benchmark as follows:

- (a) The 5% benchmark would be applicable to the following business activities:
 - (i) Conventional banking;
 - (ii) Conventional insurance;
 - (iii) Gambling;
 - (iv) Liquor and liquor-related activities;
 - (v) Pork and pork-related activities;
 - (vi) Non-halal food and beverages;
 - (vii) Shariah non-compliant entertainment;
 - (viii) Interest income from conventional accounts and instruments (including dividends from investment in Shariah non-compliant instruments and interest income awarded arising from a judgement by a court or arbitrator);
 - (ix) Tobacco and tobacco-related activities; and
 - (x) Other activities deemed non-compliant according to Shariah.

For the abovementioned businesses or activities, the contribution of Shariah non-compliant businesses or activities to the overall revenue or profit before taxation of the company must be less than 5%.

- (b) The 20% benchmark would be applicable to the following activities:
 - (i) Share trading;
 - (ii) Stockbroking business;
 - (iii) Rental received from Shariah non-compliant activities; and
 - (iv) Other activities deemed non-compliant according to Shariah.

For the abovementioned businesses or activities, the contribution of Shariah non-compliant businesses or activities to the overall revenue or profit before taxation of the company must be less than 20%.

Financial ratio benchmarks

For the financial ratios benchmark, the Shariah Adviser takes into account the following:

- (a) Cash over total assets must be lower than 33%

Cash will only include cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments will be excluded from the calculation.

- (b) Debt over total assets must be lower than 33%

Debt will only include interest-bearing debt whereas Islamic debt or financing or sukuk will be excluded from the calculation.

Qualitative Analysis

Companies which have passed the quantitative test will be further subjected to qualitative screening before the equities of such companies can be classified as Shariah-compliant. In this analysis, the Shariah Adviser will look into aspects of general public perception of the companies' image, core businesses which are considered important and *maslahah* (beneficial) to the Muslim *ummah* (nation) and the country, the non-permissible elements are very small and involve matters like *umum balwa* (common plight and difficult to avoid), '*uruf*' (custom) and rights of the non-Muslim community which are accepted under the Shariah.

Islamic money market instruments:

The selection of these instruments for investments will be based on the instruments' lists readily available at the website of Bank Negara Malaysia.

2. Investment in foreign markets

Equity:

Quantitative Analysis

The Shariah Adviser takes into account the following parameters of MSCI Shariah screening methodology in determining the Shariah status of the listed companies.

- 1) Shariah non-compliant income of the companies arising from the following non-permitted business activities must not exceed certain designated thresholds*:
 - a) Conventional financial (non-Islamic banking, finance, insurance, etc);
 - b) Alcohol;
 - c) Pork related products and non-halal food production, packaging and processing or any other activity related to pork and non-halal food;
 - d) Entertainment (casinos, gambling, cinema, music, pornography and hotels);
 - e) Tobacco; and
 - f) Weapons, arms and defence manufacturing.

* In accordance with MSCI Shariah screening methodology, a five per cent threshold would be applied. The thresholds may vary in accordance with the development of Islamic finance. Should any of the parameters fail to satisfy the thresholds, the Shariah Adviser will not accord a Shariah-compliant status for such companies.
- 2) After companies have been screened by their business sector activity, the remaining companies are further examined on their finances to ensure that these companies are Shariah-compliant. Only companies that meet the following financial ratios will be classified as Shariah-compliant:
 - a) Cash and interest bearing items are less than 33.333% of total assets;
 - b) Total debts is less than 33.333% of total assets; and
 - c) Total account receivables and cash are less than 49% of total assets.

Qualitative Analysis

Companies which have passed the above quantitative test will be further subjected to qualitative screening before the equities of such companies can be classified as Shariah-compliant. In this secondary analysis, the Shariah Adviser will look into aspects of the general public perception of the respective companies' image, core businesses which are considered important and *maslahah* (beneficial) to the Muslim *ummah* (nation) and the country, the non-permissible elements are very small and involve matters such as *umum balwa* (common plight and difficult to avoid), '*uruf*' (custom) and rights of the non-Muslim community which are accepted by the Shariah.

Shariah non-compliant investments

Should there be a breach, the following rules on divestment of Shariah non-compliant investments apply:

a) Shariah non-compliant securities

If the Manager mistakenly invests the Fund in Shariah non-compliant securities, the Manager needs to dispose of these Shariah non-compliant securities within one (1) month upon becoming aware of the status of the securities. Any gain made in the form of capital gain or dividend received during or after the disposal of the securities has to be channelled to *baitulmal* or charitable bodies as advised by the Shariah Adviser. The Fund has a right to retain only the original investment cost. However, if the investment sustained a loss, the Manager is to reimburse the Fund the original investment cost.

Note: original investment cost may include brokerage cost or other related transaction cost.

b) Reclassification of Shariah status of the Fund's investment

This refers to those securities which were earlier classified as Shariah-compliant securities but due to certain reasons, such as changes in the companies' operations, are subsequently reclassified as Shariah non-compliant. In this regard, if on the date the securities being reclassified as Shariah non-compliant, the value of the securities held exceeds the original investment cost, the Fund must liquidate such Shariah non-compliant securities held by it. Any dividends received up to the date of the announcement/review and capital gains arising from the disposal of Shariah non-compliant securities on the date of the announcement/review can be kept by the Fund. However, any dividends received and excess capital gains derived from the disposal after the said date at a market price that is higher than the closing price on the said date should be channelled to *baitulmal* or charitable bodies as advised by the Shariah Adviser.

On the other hand, the Fund is allowed to hold its investment in the Shariah non-compliant securities if the market price of the said securities is below the original investment costs. It is also permissible for the Fund to keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the Shariah non-compliant securities held equal the original investment cost. At this stage, the Fund must dispose of its holding.

In addition, during the holding period, the Fund is allowed to subscribe for:

- (i) any issue of new securities by a company whose Shariah non-compliant securities are held by the Fund, for example rights issues, bonus issues, special issues and warrants that are capable of being converted into shares

(excluding securities whose nature is Shariah non-compliant e.g. irredeemable convertible unsecured loan stock (ICULS)); and

- (ii) securities of other companies offered by the company whose Shariah non-compliant securities are held by the Fund,

on condition that they expedite the disposal of the Shariah non-compliant securities. For securities of other companies {as stated in (ii) above}, they must be Shariah-compliant securities.

Purification process of the Fund

The portion of income attributed to impure income from business activities must be purified by the Fund so that impure income is not distributed to Unit Holders.

In accordance with MSCI Shariah screening methodology, a five percent ratio is applied to the dividend income received to calculate the purification amount to be channelled to *baitulmal* or any charitable organisations as advised by the Shariah Adviser.

Zakat for the Fund

The Fund does not pay *zakat* on behalf of Unit Holders who are Muslim individuals and Islamic legal entities since doing so would not satisfy completely their *zakat* obligations. Such investors are thus advised to pay on their own behalf.

2. RISK FACTORS

2.1 General Risks of Investing in the Fund

General Risks

a) Management risk

This refers to the expertise of the Manager in the day-to-day management of the Fund. Lack of expertise of the fund manager may adversely affect the returns from the Fund's investments and consequently, the Unit Holder's investment. The selection of the Fund's investments is a subjective process. The assets of the Fund selected by the Manager may perform better or worse than the overall market or as compared to other similar funds in the market.

b) Redemption risk

The ability of the Fund to honour requests for redemption in a timely manner is subject to the Fund's holding of adequate Islamic liquid assets and/or its ability to source financing on a temporary basis as permitted by the relevant laws. The Fund may seek an Islamic financing facility to meet the above requests. In the event there is insufficient Islamic liquid assets, the Manager may have to liquidate the Fund's investments at an unfavourable price.

c) Loan / financing risk

Investors should assess the inherent risk of investing with borrowed money or financing facility which should include the following:

- i) the ability to service the loan repayments or financing instalment and the effect of increase in interest or profit rates on the loan repayments or financing instalments; and
- ii) (in a case where Units are used as collateral to the loan or financing facility) the ability to provide additional collateral should unit prices fall beyond a certain level, failing which, the investors' Units may be sold off to realise the proceeds towards settlement of the outstanding loan or financing facility taken.

[Please see the Unit Trust Loan Financing Risk Disclosure Statement in the application form. Should Muslim investors wish to finance the acquisitions of Islamic unit trust funds, they are advised to obtain one that is Shariah-compliant in nature.]

d) Risk of non-compliance

The risk arises should the Manager not follow the provisions set out in the Deed or the law that governs the Fund or its own internal procedures whether due to the Manager's oversight, or if the Manager acts fraudulently or dishonestly. Such non-compliance may result in the Fund being mismanaged and may affect the Unit Holders' investments should the rectification of the non-compliance negatively affect the Unit Holder's investments in the Fund.

e) Returns are not guaranteed

There is no guarantee on the investment returns to Unit Holders.

Investments Risks

a) Counterparty and issuer risk

This risk refers to the possibility that the issuer of an Islamic money market instrument or the Islamic deposits with Islamic financial institutions will not be able to make timely payments of profit and/or principal repayment when it becomes due. This may lead to a default in the payment of principal and/or profit and ultimately a reduction in the value of the Fund.

b) Market risk

Market risk is a risk that arises when the prices of investments in the marketplace are affected by circumstances such as political or economic events. These circumstances may be a local or global event that can affect the markets where the Fund is invested in and subsequently, the value of the Fund's investments.

2.2 Specific Risks when Investing in this Fund

a) Country risk

The Fund will be investing in foreign markets. The foreign investments portion of the Fund may be affected by risks specific to the country that the Fund invests in. Such risks include changes in the country's economic fundamentals, social and political stability, currency movements and foreign investments policies. These factors may impact the prices of the securities that the Fund invests in and ultimately lower the Net Asset Value.

b) Currency risk

This risk is associated with investments that are quoted in foreign currency denomination. When a security is denominated in a foreign currency which fluctuates unfavourably against the RM, the Fund may face currency loss. This may lead to a lower Net Asset Value expressed in RM. In addition, an investor investing into a Class denominated in currencies other than in RM may also be subject to further currency risk as fluctuation to the exchange rate of the respective currency of that Class against RM may impact the value of the Net Asset Value per Unit expressed in the currency of the relevant Class. The Fund may participate in Islamic currency hedging instruments to mitigate the currency risk, if necessary.

c) Market risk

The economic and political conditions in developing and emerging markets differ from those in developed markets and offer less social, political and economic stability as compared to developed markets.

Other risks in developing and emerging markets that can adversely impact the Fund may include:

- Investment and repatriation restrictions
- The potential for unusual volatility in developing and emerging markets is higher as compared to more industrialised nations
- Limited information to the investors and less stringent disclosure requirements
- Shallow and substantially smaller liquid securities markets than in more industrialised nations resulting in illiquid securities markets
- Certain local tax law considerations that may negatively impact the Fund's investment
- Limited regulation of the securities markets
- The possibility of limited legal recourse for the Fund and the custodial and/or the settlement systems may not be fully developed

These risks are likely to exist to a greater or lesser degree in some of the markets that the Fund may invest in.

Investing in emerging markets such as the People's Republic of China subjects the Fund to a higher level of market risk than investments in a developed country. This is due to, among other things, greater market volatility, lower trading volume, political and economic instability, settlement risk, greater risk of market shut down and more governmental limitations on foreign investment than those typically found in developed markets. The regulatory and legal framework for capital markets in China may not be as well developed when compared with those of developed countries.

d) Particular security risk

The fluctuation in the performance of each individual security that the Fund invests in will affect the price of the Units. Not all companies issuing these securities are successful. The success and failure of the companies will cause its securities value to rise or fall. Valued collectively, the performance of individual securities will cause the Fund's unit price to rise or fall accordingly.

e) Reclassification of Shariah status risk

This risk refers to the risk that the currently held Shariah-compliant equities in the Fund may be reclassified as Shariah non-compliant in the periodic review of the equities by the SACSC, the Shariah Adviser or the Shariah boards of the relevant Islamic indices. If this occurs, the Manager will take the necessary steps to dispose of such equities in accordance with the Fund's Shariah investment guidelines.

Please refer to Section 1.4 on the Fund's Shariah methodology on the treatment of gains and losses as a result of the reclassification of Shariah non-compliant investments.

Investors are reminded that the risks listed above may not be exhaustive and if necessary, they should consult their adviser(s), e.g. their bankers, lawyers, Shariah advisers, stockbrokers or independent professional advisers for a better understanding of the risks.

3. VALUATION OF ASSETS

The assets of the Fund must be valued at least once every Business Day, except during the Fund's initial offer period. As certain foreign markets in which the Fund may invest in have different time zones from that of Malaysia, the valuation of the Fund for a Business Day will be conducted by 5:00 p.m. (or such other time as may be determined by the Manager from time to time) on the following day in which the Manager is open for business.

Accordingly, the price of the Fund for a particular Business Day will not be published in the major newspapers on the next day but will instead be published the next following day (i.e. price will be two (2) days old). This will be specifically indicated in the major newspapers.

Illustration

When markets close for trading on 26 November 2018 (Monday), the valuation date will be the next day in which the Manager is open for business, i.e. 27 November 2018 (Tuesday). Thus, the major newspapers' publication date for the price as at 26 November 2018 (Monday) will be on 28 November 2018 (Wednesday).

Investors may obtain the most current computed price by contacting the Manager directly at 03-9205 8000 [please refer to section 5.6 (g) (Availability of Information on Investment)].

In undertaking any of the Fund's investments, the Manager will ensure that all the assets of the Fund will be valued appropriately, that is, at market value, failing which, such assets will be valued at fair value and at all times in compliance with the relevant laws (including approved accounting standards).

Accordingly, where applicable:

- (i) Listed local and foreign Shariah-compliant securities will be valued daily based on the last done market price or such other basis as may be prescribed by the relevant laws from time to time including approved accounting standards.

However, if: -

- (a) a valuation based on the market price does not represent the fair value of the Shariah-compliant securities, for example during abnormal market conditions; or
- (b) no market price is available, including in the event of a suspension in the quotation of Shariah-compliant securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee,

then the Shariah-compliant securities would be valued at fair value, as determined in good faith by the Manager based on the methods or bases approved by the Trustee after appropriate technical consultation.

- (ii) Investments in unlisted Shariah-compliant securities will be valued at the cost price of each investment until the securities of the investee companies are successfully listed on a recognised stock exchange, upon which quoted prices will be available and valuation will be based on the last done market price or such other basis as may be prescribed by the relevant laws from time to time including approved accounting standards.
- (iii) Islamic collective investment schemes which are quoted on an approved exchange shall be valued in the same manner as listed securities as described above. When investing in unlisted Islamic collective investment schemes, the value shall be determined by reference to that manager's last published repurchase price per Unit for that unlisted Islamic collective investment scheme.
- (iv) Islamic financial derivatives positions will be 'marked-to-market' at the close of each trading day.
- (v) Islamic deposits with Islamic financial institutions will be valued each day by reference to the principal value of such investments and the profits accrued thereon for the relevant period.
- (vi) Islamic money market instruments will be valued each day based on the accretion of discount or amortisation of premium on a yield to maturity basis.
- (vii) Foreign exchange translation of foreign investments for a particular Business Day is determined based on bid rate quoted by Bloomberg or Reuters at 4:00 p.m. (United Kingdom time) or such other time as may be prescribed from time to time by the relevant laws.

4. FEES, CHARGES AND EXPENSES

The cost to the investor of investing in the Fund is as follows:

4.1 Charges

The charges directly incurred by an investor when purchasing or redeeming Units are as follows:

(a) Sales Charge

The Manager will impose a sales charge which can be levied on an investor's investment amount / purchase amount, net of bank charges (if any) by the Manager's various distributors as follows:

Distributor	% of investment amount
Corporate Unit Trust Scheme Adviser (CUTA)	Up to 5.50%.
Institutional Unit Trust Scheme Adviser (IUTA)	Up to 5.50%.
Tied (Retail) Agent	Up to 5.50%.
Direct Sales (Direct Investment with the Manager)	Up to 5.50%.

An investor can expect differing sales charge to be levied when buying Units from the various distribution channels and within each distribution channel, subject to the maximum sales charge stipulated above. This is due to the different levels of services provided by each distribution channel and/or the size of the investment undertaken.

Illustration

If an investor purchased 20,000 Units during the Fund's initial offer period from a distributor that levies a sales charge of 5.50%, the investor would have paid a sum of RM21,100.00 for RM Class and USD21,100.00 for USD Class which is made up of:-

	RM Class	USD Class
Investment amount	RM20,000.00	USD20,000.00
Sales charge at 5.50% ¹	RM1,100.00	USD1,100.00
Total amount paid by the investor	<u>RM21,100.00</u>	<u>USD21,100.00</u>
The investor will be allotted with	<u>RM20,000.00</u>	<u>USD20,000.00</u>
20,000 Units calculated as follows:	RM1.0000 ²	USD1.0000 ²
	= 20,000.00 Units ³	= 20,000.00 Units ³

Note:

¹ All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the government from time to time.

² Unit price is rounded to the nearest 4 decimal places.

³ Units computed are rounded to the nearest 2 decimal places.

From the sales charge received from investors, the Manager pays no more than the entire sales charge as mentioned above as selling commission to its distributors for the Fund.

(b) Repurchase Charge

The Manager will not impose any repurchase charge on investors redeeming their investments.

(c) Other Charges

(i) Switching of Units

Unit Holders may switch Units of the RM Class or the USD Class to units of any fund under the management of the Manager that are of the same currency units and that allow for switching.

- a. Where the sales charge of the fund to be switched into is equal or lower than the sales charge of the Fund, the switch will incur a charge¹ of RM25.00 for a switch from the RM Class to the other fund while a switch from the USD Class to the other fund will incur a charge¹ of USD10.00.
- b. Unit Holders switching to a fund that imposes a higher sales charge will pay the difference in sales charge. If the switch is from the RM Class, the charge payable is in RM and if the switch is from the USD Class, the charge payable is in USD.

The Manager however, reserves the right to vary this fee or to vary the terms of the switching facility. Units of the Fund to be switched into shall be purchased at the net asset value of that fund as at the next valuation point of the fund's relevant business day after the form of request to switch is received by the Manager ("forward pricing").

(ii) Transfer of Units

RM Class	RM 5.00 per transfer ¹ .
USD Class	USD 5.00 per transfer ¹ .

Transfer is allowed between Unit Holders of the same Class. Please refer to section 5.6 (e) (How to Transfer Ownership of Units).

Note: ¹ All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the government from time to time.

(iii) Any bank charges imposed by the relevant banks / financial institutions will be borne by the Unit Holders.

4.2 Fees and Expenses

The fees and expenses indirectly incurred by an investor when investing in the Fund are as follows:

(a) Management Fee

The Manager is entitled to the following applicable management fee¹ of one point eight per cent (1.80%) per annum of the Net Asset Value of the respective Class calculated on a daily basis, before deducting the Manager's and Trustee's fees for that particular day:

Illustration

Assuming that the Net Asset Value (before deducting the Manager's fee and Trustee's fee) for a particular day is RM100,000,000.00 and the annual management fee is at the rate of one point eight per cent (1.80%) per annum, the calculation of the management fee of the Fund is as follows:

$$\frac{\text{RM}100,000,000.00 \times 1.80\%}{365 \text{ days}^*} = \text{RM}4,931.51$$

$$\text{Total management fee payable for that particular day} = \text{RM}4,931.51$$

* Note: In the event of a leap year, the annual management fee will be divided by 366 days.

¹ All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the government from time to time.

(b) Trustee's Fee

The Trustee is entitled to a trustee fee¹ of up to zero point zero six per cent (0.06%) per annum of the Net Asset Value of the respective Class, calculated on a daily basis before deducting the Manager's and Trustee's fees for that particular day (excluding foreign custodian fees and charges).

Illustration

Assuming that the Net Asset Value (before deducting the Manager's fee and Trustee's fee) for a particular day is RM100,000,000.00 and the trustee fee is at the rate of up to zero point zero six per cent (0.06%) per annum, the calculation of the trustee fee of the Fund is as follows:

$$\frac{\text{RM}100,000,000.00 \times 0.06\%}{365 \text{ days}^*} = \text{RM}164.38$$

$$\text{Total trustee fee payable for that particular day} = \text{RM}164.38$$

* Note: In the event of a leap year, the annual trustee fee will be divided by 366 days.

¹ All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the government from time to time.

(c) Other Expenses Directly Related to the Fund

In administering the Fund, there are expenses directly related to the Fund. These expenses include the cost of the auditors' fees and other relevant professional fees, foreign custodial charges, cost of distribution of interim and annual reports, tax certificates, reinvestment statements and other notices to Unit Holders. In addition, there are expenses that are directly related and necessary to the business of the Fund as set out in the Deed, such as commissions or fees paid to brokers, other transaction costs and taxes, if any, that are also paid out of the Fund.

All formation and issue expenses of the Fund pursuant to this prospectus will be borne by the Manager.

4.3 Reduction or Waiver of Fees and Charges

The Manager may, for any reason at any time, waive or reduce the amount of its management fee only or other charges directly payable by the Unit Holder and/or investor in respect of the Fund, either generally (for all Unit Holders of a Class) or specifically (for any particular Unit Holder of a Class) and for any period or periods of time at its absolute discretion.

4.4 Policy on Rebates and Soft Commissions

It is the Manager's policy to credit all rebates to the account of the Fund.

However, goods and services ("soft commissions") provided by any broker or dealer may be retained by the Manager if the goods and services are of demonstrable benefit to the Unit Holders and in the form of research and advisory services that assist in the decision making process relating to the Fund's investments, such as research materials and computer software, which are incidental to the investment management activities of the Fund and any dealing with the broker or dealer is executed on terms which are the most favourable for the Fund.

4.5 Tax

All fees and charges payable to the Manager and the Trustee are subject to any applicable taxes and/or duties and at such rate as may be imposed by the government from time to time.

There are fees and charges involved and investors are advised to consider them before investing in the Fund.

5. TRANSACTION INFORMATION

5.1 Pricing

The Manager adopts a single pricing policy, i.e. the Selling Price and the Repurchase Price is the Net Asset Value per Unit of the respective Class. However, the Selling Price and the

Repurchase Price is fixed at the initial offer price of the respective Class during the Fund's initial offer period of the respective Class.

5.2 Valuation of Units

The valuation of Units is based on the NAV of the respective Class and is calculated at the end of Business Day. In line with the single pricing policy, the Selling Price and the Repurchase Price will be the Net Asset Value per Unit of the respective Class.

Calculation of Net Asset Value per Unit

The valuation of the Fund is conducted at least once every Business Day, except during the Fund's initial offer period. NAV is determined by deducting the value of all the Fund's liabilities from the value of all the Fund's assets, at the valuation point.

The valuation of the Fund is in the Base Currency i.e. RM. To determine the NAV of each Class, all the assets and liabilities of each Class will be converted to RM. The Net Asset Value per Unit of each Class will be the NAV attributable to a Class divided by the total number of Units in circulation for that Class, at that valuation point.

Please note that the above is for illustration purpose only.

5.3 Computation of Purchase of Units

(i) During the Fund's initial offer period

During the Fund's initial offer period, the Selling Price is fixed at the initial offer price of the respective Class during the Fund's initial offer period of the respective Class. A sales charge will be computed separately based on the investment amount/purchase amount, net of bank charges (if any).

Illustration

If an investor purchased 20,000 Units during the Fund's initial offer period from a distributor which levies a sales charge of 5.50%, he would have paid a sum of RM21,100.00 for RM Class and USD21,100.00 for USD Class, which is made up of:-

	RM Class	USD Class
Investment amount	RM20,000.00	USD20,000.00
Sales charge @ 5.50% ¹	RM1,100.00	USD1,100.00
Total amount paid by the investor	RM21,100.00	USD21,100.00
The investor will be allotted with Units calculated as follows:	RM20,000.00	USD20,000.00
	RM1.0000 ²	USD1.0000 ²
	= 20,000.00 Units ³	= 20,000.00 Units ³

(ii) After the Fund's initial offer period

After the Fund's initial offer period, the Selling Price shall be the Net Asset Value per Unit of the respective Class as at the next valuation point of the Fund's relevant Business Day after the request for Units is received by the Manager ("forward pricing"). A sales charge will be computed separately based on the investment amount / purchase amount, net of bank charges (if any).

Illustration

If an investor invests RM20,000 and USD20,000 respectively, and purchased Units at the Selling Price of RM0.9899 for RM Class and USD1.8610 for USD Class (which is the Net Asset Value per Unit of the respective Class as at the next valuation point); and a distributor levies a sales charge of 5.50%, the investor would have paid a sum

For partial redemption, the balance of Units after the redemption must be at least nine hundred (900) Units or such other lower quantity as the Manager may from time to time accept (the "minimum investment balance"). There are no restrictions on the number of Units a Unit Holder can redeem out of his investments or the frequency of redemptions in a year. The cooling-off period shall be within six (6) business days[#] which shall be effective from the date of receipt of the application by the Manager.

[#] These are the working days when the Manager is open for business.

The cooling-off right allows investors the opportunity to reverse an investment decision which could have been unduly influenced by certain external elements or factors.

Withdrawal proceeds will only be paid to the investors once the Manager has received cleared funds for the original investment. For investors who paid by cheque, the refund will be made upon presentation and clearance of the cheque by the respective banks / financial institutions.

However, the Manager may decline to register any partial transfer of Units if the registration would result in the transferor or the transferee holding less than nine hundred (900) Units or such other lower quantity as the Manager may from time to time accept (the minimum investment balance). The Manager may also refuse an entry of transfer during the fourteen (14) days preceding an income distribution date.

In the event of any conflict between the price published and the price computed by the Manager, the Manager's computed price shall prevail.

Dear Sirs

Re: Taxation of the Fund and Unit Holders

This letter has been prepared for inclusion in this first prospectus in connection with the offer of Units in the RHB Shariah China Focus Fund ("the Fund"): -

Taxation of the Fund

Income Tax

The Fund is a unit trust for Malaysian tax purposes. The taxation of the Fund is therefore governed principally by Sections 61 and 63B of the Income Tax Act, 1967 ("the Act").

Subject to certain exemptions, the income of the Fund in respect of investment income derived from or accruing in Malaysia are liable to income tax at the rate of 24% effective Year of Assessment ("YA") 2016.

Gains from the realisation of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to tax in the country from which they are derived.

Under Section 2(7) of the Act, any reference to interest in the Act shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah.

Gains or profit earned by the Fund from the following are exempt from tax:-

- any savings certificates issued by the Government; or
- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia; or
- a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013¹; or

- any development financial institution regulated under the Development Financial Institutions Act 2002¹; or
- sukuk originating from Malaysia, other than convertible loan stocks, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority².

The Fund may receive dividends, interest and other income from investments outside Malaysia. Income derived from sources outside Malaysia and received in Malaysia by a resident unit trust is exempt from Malaysian income tax. However, such income may be subject to tax in the country from which it is derived.

Discounts earned by the Fund from the following are also exempt from tax:-

- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia.

Tax deductions in respect of the Fund's expenses such as manager's remuneration, expenses on maintenance of register of unit holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage ("permitted expenses") are allowed based on a prescribed formula subject to a minimum of 10% and a maximum of 25% of the total permitted expenses.

Single tier Malaysian dividends received by the Fund are exempt from tax and expenses in relation to such dividend income are disregarded.

Real Property Gains Tax ("RPGT")

Gains on disposal of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to RPGT in Malaysia, if the gains are derived from sale of Malaysian real properties and shares in Malaysian real property companies (as defined). Such gains would be subject to RPGT at the applicable rate depending on the holding period of the chargeable assets.

Sales Tax and Service Tax

The Goods and Services Tax ("GST") is replaced by Sales Tax and Service Tax effective from 1 September 2018.

Under the Sales Tax Act 2018, Service Tax Act 2018 and the subsidiary legislations, the sales tax rate for taxable goods is 5% or 10% while the service tax rate for taxable services is generally 6%. There are certain goods which are exempted from sales tax.

The issue, holding or redemption of any unit under a trust fund does not fall within the list of taxable services under the First Schedule of the Service Tax Regulations 2018 and hence, is not subject to service tax. The investment activities of the Fund such as buying and selling of securities and deposits in financial institutions are also not subject to service tax. As such, if the Fund is only deriving income from such activities, the Fund is not liable to be registered for service tax.

Note 1: Effective from YA 2017, in the case of a wholesale fund which is a money market fund, the exemption shall only apply to a wholesale fund which complies with the criteria as set out in the relevant guidelines of the Securities Commission.

Note 2: Effective from YA 2017, income tax exemption shall not apply to interest paid or credited to a company in the same group, licensed banks and prescribed development financial institutions.

However, certain expenses incurred by the Fund such as legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically exclude fees charged by any person who is licensed or registered with the SC for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007. The service tax incurred by the Fund is cost to the Fund and is not recoverable, unlike the GST input tax which is claimable under the GST regime.

Taxation of Unit Holders

Income Tax

Unit Holders are taxed on an amount equivalent to their share of the total taxable income of the Fund, to the extent that this is distributed to them. The income distribution from the Fund may carry with it applicable tax credits proportionate to each Unit Holder's share of the total taxable income in respect of the tax paid by the Fund. Unit Holders will be entitled to utilise the tax credit as a set-off against the tax payable by them. Any excess over their tax liability will be refunded to the Unit Holders. No other withholding tax will be imposed on the income distribution of the Fund.

Corporate Unit Holders, resident or non resident in Malaysia, would be taxed at the corporate tax rate of 24% (effective from YA 2016) on distributions of income from the Fund to the extent of an amount equivalent to their share of the total taxable income of the Fund. Corporate Unit Holders in Malaysia with paid-up capital in the form of ordinary shares of RM2.5 million and below will be subject to a tax rate of 18% (effective from YA 2017) on chargeable income of up to RM500,000. For chargeable income in excess of RM500,000, the tax rate of 24% is still applicable.

However, the said tax rate of 18% on chargeable income of up to RM500,000 would not apply if more than 50% of the paid up capital in respect of ordinary shares of that corporate Unit Holder is directly or indirectly owned by a related company which has a paid up capital exceeding RM2.5 million in respect of ordinary shares, or vice versa, or more than 50% of the paid up capital in respect of ordinary shares of both companies are directly or indirectly owned by another company.

Pursuant to Income Tax (Exemption) (No. 2) Order 2017 [P.U.(A) 117], a tax exemption equivalent to a reduction in the prevailing corporate tax rate from 1% to 4% will be effectively given for YA 2017 and YA 2018 based on percentage increase in the chargeable business income for the relevant YA as compared to the immediately preceding YA, subject to meeting the stipulated conditions.

Individuals and other non-corporate Unit Holders who are resident in Malaysia will be subject to income tax at scale rates. The scale tax rates range from 0% to 28% with effect from YA 2016.

Individuals and other non-corporate Unit Holders who are not resident in Malaysia, for tax purposes, will be subject to Malaysian income tax at the rate of 28% with effect from YA 2016. Non resident Unit Holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdictions.

The distribution of single-tier Malaysian dividends and other tax exempt income by the Fund will not be subject to tax in the hands of the Unit Holders in Malaysia. Distribution of foreign income will also be exempt in the hands of the Unit Holders.

Units split by the Fund will be exempt from tax in Malaysia in the hands of the Unit Holders. Any gains realised by the Unit Holders (other than financial institutions, insurance companies and those dealing in securities) from the transfers or redemptions of the Unit are generally treated as capital gains which are not subject to income tax in Malaysia. However, certain Unit Holders may be subject to income tax in Malaysia on such gains, due to specific circumstances of the Unit Holders.

Sales Tax and Service Tax

GST is replaced by Sales Tax and Service Tax effective from 1 September 2018.

Only taxable services listed in the First Schedule of the Service Tax Regulations 2018 are subject to service tax, which excludes investment income or gains.

However, legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically exclude fees charged by person who is licensed or registered with the SC for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007.

The tax position is based on our understanding and interpretation of the Malaysian tax laws and proposals as they stand at present. All prospective investors should not treat the contents of this letter as advice relating to taxation matters and are advised to consult their own professional advisers concerning their respective investments.

Yours faithfully

Ong Guan Heng
Executive Director

**UNIT TRUST LOAN FINANCING
RISK DISCLOSURE STATEMENT**

Investing in a Unit Trust Fund with Borrowed Money / Financing Is More Risky than
Investing with Your Own Savings

You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financial circumstances. You should be aware of the risks, which would include the following:

- (i) The higher the margin of financing (that is, the amount of money you borrow for every ringgit of your own money which you put in as deposit or down payment), the greater the potential for loss or gain on your investment.
- (ii) You should assess whether you have the ability to service the repayments on the proposed loan/financing. If your loan/financing is a variable rate loan/financing, and if interest rates/profit rise, your total repayment amount will be increased.
- (iii) If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the time prescribed, your units may be sold towards the settlement of your loan/financing.
- (iv) Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are experienced. Whether you eventually realise a gain or loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take the loan/financing. If you are in doubt about any aspect of this risk disclosure statement or the terms of the loan financing, you should consult the institution offering the loan/financing.

ACKNOWLEDGEMENT OF RECEIPT OF RISK DISCLOSURE STATEMENT

I acknowledge that I have received a copy of this Unit Trust Loan / Financing Risk Disclosure Statement and understand its contents.
