KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

The Fund aims to achieve capital appreciation above its benchmark by investing in one target fund, i.e. JPMorgan Investment Funds – Global Macro Opportunities Fund.

Investment Strategy

The Fund will invest principally in the USD denominated shares of the Target Fund. The Target Fund is one of the sub-funds of the JPMorgan Investment Funds. JPMorgan Investment Funds is an investment company organised as a société anonyme under the laws of the Grand Duchy of Luxembourg and qualified as a société d'investissement à capital variable ("SICAV"). The management company of JPMorgan Investment Funds is JPMorgan Asset Management (Europe) S.à r.l. ("JPMAM Europe") whose regulatory authority is Commission de Surveillance du Secteur Financier (Luxembourg Financial Sector Supervising Authority). JPMAM Europe has delegated the investment management functions of the Target Fund to the Investment Managers, i.e. JPMorgan Asset Management (UK) Limited ("JPMAM UK"), J.P. Morgan Investment Management Inc., New York, JPMorgan Asset Management (Japan) Limited, Tokyo ("JPMAM Japan"), JF Asset Management Limited, Hong Kong ("JFAM Hong Kong") and JPMorgan Asset Management (Singapore) Limited ("JPMAM Singapore"). JPMAM UK is regulated by the Financial Conduct Authority (FCA) of the UK. JPMIM New York is regulated by the Securities and Exchange Commission of the United States of America. JPMAM Japan is regulated by Japanese Financial Services Agency. JFAM Hong Kong is regulated by the Securities and Futures Commission Hong Kong. JPMAM Singapore is regulated by the Monetary Authority of Singapore. The investment objective of the Target Fund is to achieve capital appreciation in excess of its cash benchmark by investing primarily in securities, globally, using financial derivative instruments where appropriate.

Although the Fund is not actively managed, the investments of the Fund will be rebalanced from time to time to meet Unit sales and Unit redemption transactions. This is to enable the proper and efficient management of the Fund.

This Fund is a feeder fund that invests at least 95% of NAV in the Target Fund. The risk management strategies and techniques employed will be at the Target Fund level.

Notwithstanding anything contained herein, the Manager may, in consultation with the Trustee and with the approval of the Unit Holders, replace the Target Fund with another fund of a similar objective if, in the Manager's opinion, the Target Fund no longer meets the Fund's investment objective, or when acting in the interest of the Unit Holders.

Unit Holders are advised to read and understand the Target Fund's investment objective, focus and approach disclosed in the Information Memorandum.

KEY RISKS

WHAT ARE THE KEY RISKS OF THIS INVESTMENT?

Key Risks of the Fund

Investing in this Fund is associated with the following risks:

(a) *Management risk*

As the Fund invests at least 95% of NAV in the Target Fund, it is subject to the management risk of the management company and investment managers of the Target Fund. Poor management of the Target Fund by the Target Fund's management company will jeopardise the investments of the Fund in the Target Fund and in turn, the Unit Holders' investments through the risk of reduced returns and in some cases loss of capital invested in the Fund.

(b) *Liquidity risk*

The Fund is also exposed to liquidity risk as there is no secondary market for the Target Fund. Investments in the Target Fund can only be liquidated with the manager of the Target Fund or its appointed agents.

(c) *Country risk*

As the Target Fund is domiciled in Luxembourg, the Target Fund is subject to country risk. The Fund's investments in the Target Fund may be adversely affected by political instability as well as exchange controls, changes in taxation, foreign investment policies, restrictions on repatriation of investments and other restrictions and controls which may be imposed by the relevant authorities in Luxembourg. This in turn may cause the NAV to fall.

(d) *Currency risk*

The impact of the exchange rate movement between the base currency of the Fund (i.e. USD) and the differing currency of a class (i.e. RM class) may result in a depreciation of the investor's holdings as expressed in the base currency of the Fund.

Key Risks of the Target Fund

Investments in the Target Fund are associated to the following risks:

- *Market risk*
- *Equity risk*
- *Debt securities risk*
- *Interest rate risk*
- *Below investment grade and unrated debt securities risk*
- *Emerging markets risk*
- *Currency Hedged Share Class risk*
- *Derivatives risk*

These risks of the Target Fund are elaborated in the Information Memorandum.

FEES & CHARGES

WHAT ARE THE FEES AND CHARGES OF THIS INVESTMENT?

	RM Class	USD Class
Subscription fee / Sales charge ¹	Up to 5.50% of the investment amount. An investor can expect differing sales charge to be levied when buying Units from the various distribution channels and within each distribution channel (i.e. directly from the Manager or from any of its authorised sales agents or participating Institutional Unit Trust Advisers (IUTAs) or Corporate Unit Trust Advisers (CUTAs)), subject to the maximum sales charge stipulated above. This is due to the different levels of services provided by each distribution channel and/or the size of the investment undertaken. Please note that this Fund's investments in the shares of the Target Fund will be at the net asset value per share. The sales charge for investing in the Target Fund will be waived by the Target Fund's manager.	
Repurchase charge	1.00% of the redemption amount. Repurchase charge is payable by a Unit Holder if he redeems his investments within the 6 months period commencing from the last day of the initial offer period. After the 6 months period, no repurchase charge will be levied. All repurchase charge paid by the Unit Holders will be retained by the Manager. Note: The repurchase charge herein is a penalty in nature and is not subject to GST. However, the Manager reserves the right to charge GST without prior notification when directed to do so by the Royal Malaysian Customs or when there is a change in the interpretation of the nature of repurchase charge by the Royal Malaysian Customs.	
Switching fee ¹	RM 25.00 per switch or the difference in sales charge between switching funds, where applicable.	USD 10.00 per switch or the difference in sales charge between switching funds, where applicable.
	Available (except during the Fund's initial offer period). Units of the Fund can only be switched to other funds under the management of the Manager that are of the same currency units and that allow switching. Minimum amount for a switch is 10,000 Units.	
Transfer fee ¹	RM 5.00 per transfer	USD 5.00 per transfer
Annual management fee ¹	1.20% per annum of NAV calculated on a daily basis before deducting the Manager's fee and Trustee's fee for that particular day. The above Manager's fee charged to the Fund, is in addition to the management fee charged at the Target Fund level. The management fee charged by the Target Fund's manager for this Fund is 0.60% per annum of its net asset value in relation to the Fund's investments in the Target Fund. Accordingly, <u>THERE IS DOUBLE CHARGING OF MANAGEMENT FEE.</u> This means that Unit Holders will incur an annual management fee at the rate of one point eight per cent (1.80%) per annum of NAV.	

Annual trustee fee ¹	Up to 0.06% per annum of NAV before deducting the Manager's and Trustee's fees for that particular day (excluding foreign custodian fees and charges).
Expenses directly related to the Fund	Auditors' fees, other relevant professional fees, custodial charges, cost of distribution of quarterly and annual reports and other notices to Unit Holders, tax certificates, reinvestment statements or distribution cheques (where applicable), other transaction costs and taxes will be charged to the Fund.
Other expenses indirectly paid by an investor	None levied by the Manager. However as this Fund will invest in the shares of the Target Fund, there are fees indirectly incurred by this Fund i.e. operating and administrative expenses which are incurred at the Target Fund level. The Target Fund bears all its ordinary operating and administrative expenses at the maximum rate of 0.15% per annum of its net asset value to meet all fixed and variable costs, charges, fees and other expenses incurred in the operation and administration of the Target Fund from time to time.

¹ The implementation of GST is effective 1 April 2015 at the rate of 6% and the fees and charges payable are exclusive of GST.

VALUATIONS AND EXITING FROM INVESTMENT

HOW OFTEN ARE VALUATIONS AVAILABLE?

The Fund must be valued at least once every Business Day except during the Fund's initial offer period. However, the Target Fund in which the Fund invests in performs its valuation for its relevant business day on the day following its relevant business day. Accordingly, the valuation of the Fund for the relevant Business Day will be conducted before 5.00 p.m. on the following day in which the Manager is open for business, when the valuation of the Target Fund would have been obtained from the Target Fund's management company.

As such, the daily price of the Fund for a particular Business Day will not be published in the newspaper on the next day but will instead be published the next following day (i.e. price will be two (2) days old). This will be specifically indicated in the newspapers.

Investors may however obtain the most current computed price by contacting the Manager directly or visiting our website, <http://www.rhbgroup.com>

HOW CAN YOU EXIT FROM THIS INVESTMENT AND WHAT ARE THE RISKS AND COSTS IN DOING SO?

The repurchase price for both the RM Class and the USD Class are fixed at RM 1.0000 per Unit and USD 1.0000 per Unit during the Fund's initial offer period.

After the Fund's initial offer period, which ends on 21 June 2016, the repurchase price shall be the NAV per Unit of the respective Class as at the next valuation point of the relevant Business Day ("forward pricing") after the repurchase request is received by the Manager.

A repurchase charge may be computed separately based on the withdrawal amount/repurchase amount. The minimum redemption Units for both the RM Class and the USD Class is 1,000 Units or such other lower quantity as the Manager may from time to time decide and for any partial redemption, the balance of Units after the redemption must be 1,000 Units or such other quantity as the Manager may from time to time decide (the "minimum holding at all times").

Units can be redeemed by forwarding the completed form of request to repurchase to the Manager's registered/principal office or any of its branches, or to any of its branches, or to any of its authorized sales agents or participating CUTAs or IUTAs on any day other than Saturdays, Sundays and public holidays before their respective cut-off times.

The NAV is determined by deducting the value of all the Fund's liabilities from the value of all the Fund's assets, at the valuation point. The NAV per Unit is determined when the NAV is divided by the total number of Units in circulation at that valuation point.

Redemption monies in the base currency of the Fund are to be paid within ten (10) business days[#] after receipt by the Manager of the request to repurchase and payable to the Unit Holders' bank account. However, the time taken to pay the redemption proceeds to investors may be extended or delayed if the Target Fund is suspended and/or the redemption from the Target Fund is deferred. Should this occur, the Manager will pay the redemption proceeds to investors within ten (10) business days[#] after receipt by the Manager of the redemption proceeds from the management company of the Target Fund.

[#]These are the working days when the Manager is open for business.
