RHB INSURANCE OFFERS FIRST-IN-MALAYSIA RAHMAH PERSONAL ACCIDENT INSURANCE PROTECTION TO B40

Kuala Lumpur – RHB Insurance Berhad (“RHB Insurance”), the insurance arm of RHB Banking Group (“RHB” or the “Group”), recently launched the RHB Rahmah Personal Accident Insurance (“RHB Rahmah Insurance”) that provides affordable personal accident protection of not more than RM11 a year to the B40 segment, in an effort to promote financial inclusion among the underprivileged community.

“The RHB Rahmah Insurance is a financial protection for Malaysians, especially the low income segment, who do not have comprehensive insurance coverage due to other financial commitments. This is important as a personal accident protection can help alleviate the cost of expenses such as medical treatment that may arise when the unexpected happens.

Malaysia’s gig workers, especially food delivery riders, freelancers and those working part-time, will find the RHB Rahmah Insurance most useful as it provides a peace of mind as it will help to cushion some of the financial stress when it is needed. In support of the Malaysian Government’s Rahmah insurance initiative, the RHB Rahmah Insurance provides access to basic protection,” said Oliver Tan, Managing Director of RHB Insurance Berhad.

RHB Insurance offers various products and services to improve the well-being of its customers including providing claims service under its Natural Disaster Response Team, allowing for faster small claims on motor and fire insurance for damages.
